Product(s): The ThreatX Platform

Overall Comment: "Company associates were very easy to work with...responsive to questions and open to new ideas and direction"

Lessons Learned

What do you like most about the product or service?

Minimal changes to current infrastructure Not signature based avoiding the need for constant updates Native API based allowing for integration into other tools

What do you dislike most about the product or service?

New to market Little brand recognition so peers a little more skeptical (e.g. is this best of breed?) Concerns over company size and ability to meet demands of a growing need; however this was addressed by company management as a top priorityA
